Hi Jay,

It should be about 50 per each analysis, and yes, the matrix will be soil for all.

Thank you,

How many samples per analysis do you need and is the Matrix Soil for all 40?

Hello Jay and Warren,

We will need to add about 40 more samples to this request. They expect to collect between 5-15 samples on average per week and I neglected to multiply by 4 weeks. Should I resubmit the ARF? Please advise.

Thank you,

Good Afternoon,

Attached is an analytical request form for soil sampling scheduled from 8/21/19 - 9/18/19 at Shiloh Church Road. Data validation is not requested as this is for the determination of extent of contamination and confirmation. If you have any questions, please let me know.

Thank you,
